

## TIAN RAN (TERRY) LIN

Dr Tian Ran (Terry) Lin specializes in the area of noise and vibration analysis and control, signal processing, machine fault diagnosis and prognosis. Dr Lin is currently a distinguished professor in mechanical engineering at Qingdao University of Technology, Qingdao China, and an adjunct Professor in the School of Mechanical, Medical and Processing Engineering at Queensland University of Technology, Brisbane Australia.

He is a fellow of the International Society of Engineering Asset Management, a member of the international steering committee of the Asia Pacific Vibration Conference, and a senior member in a number of international academic societies. Dr Lin also serves as an associate editor for the Journal of Vibration Engineering and Technologies and served as the guest editor for Journal of Sound and Vibration. In the last six years, Dr Lin had successfully organized four international conferences in Qingdao, either as the general chair or general co-chair.
