

## GONGTIAN SHEN

Professor Gongtian Shen obtained his PhD in Engineering from Tsinghua University in 1998. He has been engaged in the research of pressure equipment, crane, amusement ride and passenger ropeway nondestructive testing, operational safety monitoring and evaluation, instrument development and engineering applications for 40 years. He is working in China Special Equipment Inspection and Research Institute (CSEI). He has presided over more than 20 national scientific research projects, won 3 China science and technology progress awards, developed 9 international (ISO) standards, 55 national and industrial standards. He is Author and Co-author of more than 200 scientific papers, 5 books and Chief Editor of 9 Proceedings. He is the president of Chinese Society for NDT (ChSNDT), honorary president of International Society on Acoustic Emission (ISAE), fellow of International Society of Condition Monitoring (ISCM). He is also the Organizer and Chair of the Third World Congress on Condition Monitoring (WCCM2024) and the World Conference series on Acoustic Emission (WCAE 2011, 2013, 2015, 2017, 2019, 2023).
